## WHAT'S NEW FOR LIVESTOCK EXHIBITION IN 2021

by Tony M. Forshey, DVM, Ohio Department of Agriculture

The Ohio Livestock Reform Act authorizes the director of agriculture to adopt mandatory and optional rules. Mandatory rules apply to all livestock shows, while the sponsor has the option to opt out of the optional rules on an individual rule basis. If a sponsor decides not to opt out of an optional rule, the rule then becomes mandatory. The following is a clarification of how the statute (Ohio Revised Code) and rules (Ohio Administrative Code) are to be interpreted and applied at all **terminal, partial terminal and non-terminal** livestock exhibitions in Ohio:

1. Livestock is inclusive of all species, except equine;
2. Livestock exhibitions include all county and independent fairs, the Ohio State Fair and **all preview and jackpot shows**;
3. A sponsor is any entity who conducts an exhibition, **including preview and jackpot shows**;
4. The sponsor **may** opt out of any or all of the optional rules at least **30 days prior to the opening** (a form will be provided and must be returned to the Ohio Department of Agriculture, Division of Animal Industry, 8995 East Main Street, Reynoldsburg, OH 43068);
5. Effective February 13, 2004, exhibitors shall annually attend or complete a quality assurance program before exhibiting terminal or partial terminal market livestock, or at the option of The Ohio State University Extension, annually pass a test administered by or under the supervision of The Ohio State University Extension.
6. Effective February 19, 2007, OAC 901-19-07, exhibitors may pass a test based on age and skill level to be exempt from quality assurance re-certification. This exemption is at the discretion of OSU Extension or Ohio agricultural education.
7. Effective March 23, 2017, OAC 901-19-07 (C); Exhibitors who fail to attend or complete a quality assurance program or fail to pass the exam as outlined in paragraph (B) of this rule may be subject to the disciplinary actions listed in rule 901-19-21 of the Administrative Code.
8. **NEW for 2018**, Appendix A to OAC 901-19-07 requires junior fair exhibitors to complete a quality assurance program at least 45 days prior to the opening date of the exhibition.
9. Swine being sent to a licensed livestock facility or going out of state for slaughter or commingled with out-of-state swine must be identified with an official ear tag or four-digit tattoo.
10. The department does not require Certificates of Veterinary Inspection for exhibition livestock originating in Ohio, including swine. However, an exhibition sponsor can choose to require additional regulations above those of the department.
11. Effective March 21, 2016, an acceptable practices rule, **OAC 901-19-12 (Q)**, only permits drenching of livestock for a medical condition at an exhibition when diagnosed by a licensed veterinarian, and an unacceptable practices rule, **OAC 901-19-13 (H)**, drenching of livestock at an exhibition, is prohibited except as permitted under paragraph (Q) of rule 901-19-12 of the Administrative Code.
12. Effective March 21, 2016, **OAC 901-19-13 (C)**, Applying any electrical, mechanical or other appliance that enhances, transforms or changes the true conformation, configuration or appearance of the livestock, unless prescribed by the exhibition veterinarian;
13. Effective March 21, 2016, **OAC 901-19-33**, Prohibited Grooming Practices, becomes **mandatory**.

14. Effective February 15, 2003, OAC 901-19-02 (II), "slick clipping" or "body shaving" means having hair that is less than one half inch in length on the body of market hogs;

15. Even if the sponsor opts out of one or more of the optional tampering rules, the statute prohibits the use of any material, gas, solid or liquid that conceals, transforms or enhances the true conformation or configuration of all livestock, including by way of example, but not limited to rope, false hair, graphite and hemp;

16. For breeding classes the rules of the breed association will constitute acceptable grooming practices;

17. Effective March 21, 2016, OAC 901-19-38 becomes a mandatory rule.

18. The Exhibition Livestock Health Rules apply to any exhibition over 36 hours in duration or has livestock whose origin is not Ohio, and that exhibition must have an approved veterinarian (a form will be provided and must be returned to the Ohio Department of Agriculture at least 20 days prior to the opening date);

19. Junior market livestock shows at county and independent fairs and the Ohio State Fair are defined as either terminal or partial terminal shows:

a. Partial means that at least the grand and reserve grand champion animals are required to go to slaughter directly to a licensed livestock facility for slaughter only,

b. Terminal means all market livestock facility slaughter directly to a licensed livestock facility for slaughter only;

20. Preview and jackpot shows, as well as breeding classes are non-terminal shows;

21. At all terminal, partial terminal and non-terminal shows urine and hair samples may be collected;

22. A Drug Use Notification Form (DUNF) will be required to be completed for all livestock for which test sample is collected;

23. OAC 901-19-06 (D) the Director of Agriculture shall require a DUNF be completed for livestock including market steer, market hog, market lamb, veal calf, market dairy steer, market goats, market poultry, lactating dairy cattle and lactating dairy goats, and be reviewed locally (assistance will be available from the Ohio Department of Agriculture by faxing the form to 614-728-6310);

24. For all shows the statute prohibits the misuse of legal drugs (including but not limited to the use of drugs approved for use in humans, but not approved for animal use) and the use of illegal drugs;

25. The statute prohibits the showing of tranquilized livestock, including products such as Calm and diuretics for cosmetic purposes;

26. All livestock entered in a carcass contest at a terminal, partial terminal and non-terminal show must be drug-free on the day of the show:

a. The withdrawal time must have elapsed by the day of the show, or

b. The drug must not exceed the tolerance level on the day of show;

27. Immediately before or during a terminal and partial terminal show and sale and within a valid veterinarian-client-patient relationship (VCPR) or for a valid medical purpose a drug or an over-the-counter (OTC) drug may be used if it is declared on a DUNF and the drug's side effect does not conceal, transform or enhance the conformation of the treated livestock, any such permitted drug use must be disclosed at the time of sale;

28. The drug use notification form shall be filed with the records official prior to the show in which the animal is entered. If, at any time, the information on the original drug use notification form changes, an updated form shall be filed immediately with the records official.

29. At non-terminal shows, the use of drugs requires a VCPR for prescription and extra-label use of drugs, and OTC drugs must be used for a valid medical purpose and according to label directions and must be declared on a DUNF.

The preceding is not intended to be an all-encompassing review of the statute and rules as they pertain to livestock exhibitions in Ohio. Exhibitors, exhibition sponsors, parents, advisers and veterinarians are encouraged to call the Ohio Department of Agriculture, Tony M. Forshey, DVM, at 614-728-6220 with any questions.

The success of this program is based on the continued input and cooperation of educators, industry and government. Through your continued support, Ohio will continue to be a national leader in livestock show reform.

Rules of the director may specify those grooming, commercial, or medical practices that are generally accepted within the community of persons exhibiting livestock and may specify false, deceptive, misleading, unethical, or unprofessional practices that constitute grounds for disciplinary action under section 901.74 of the Revised Code.

(B) Rules of the director that apply to exhibition-related food safety and the health, safety, and welfare of livestock shall apply to every exhibition operated within this state and to every sponsor. A sponsor may exempt itself from any other rules adopted by the director under this section that do not apply to food safety or the health, safety, or welfare of livestock, including, without limitation, rules for the governance and administration of exhibitions, by, not later than thirty days before the commencement of its exhibition, filing with the director, on a form prescribed and provided by the director, a list of the rules that shall not apply to its exhibition.

(2) Adopting rules or written policies providing for appeals regarding alleged violations of rules or written policies adopted by the sponsor;

(3) Taking any disciplinary action established in the rules or written policies adopted by the sponsor in connection with violations of the sponsor's rules or written policies for the governance and administration of its exhibition. If the director or the director's designee is denied access to any premises, facility, pen, yard, vehicle, or means of conveyance by the property owner or to livestock by the livestock owner, and if the director reasonably suspects that food safety or the health, safety, or welfare of livestock is threatened, the director may apply to a court of competent jurisdiction in the county in which the premises, facility, pen, yard, vehicle, means of conveyance, or livestock are located for a search warrant authorizing access to the premises, facility, pen, yard, vehicle, means of conveyance, or livestock for the purposes of this section. The court shall issue the search warrant for the purposes requested if there is probable cause to believe that livestock is involved that is registered or entered in an exhibition or raised with the apparent intent of being so registered or entered, and that food safety or the health, safety, or welfare of livestock is threatened. The finding of probable cause may be based on hearsay, provided there is a substantial basis for believing that the source of the hearsay is credible and that there is a factual basis for the information furnished.

The director may designate employees of the department of agriculture, employees of the United States department of agriculture, licensed veterinarians, or employees or students of an approved or accredited veterinary school or college to perform the inspecting, sampling, and testing. The director may contract with laboratories, universities, or other persons or institutions, both public and private, to perform the livestock testing.

Any person who refuses to cooperate with the director or the director's designee in the inspection, sampling, and testing of livestock may be prohibited by the director acting under section 901.74 of the Revised Code from participating in any exhibition.

## HORSE PULLING CONTEST

*in front of the Grandstand*

Saturday, September 4th • 10 A.M.

Buckeye Horse Pullers Assoc. of Ohio, Inc. Rules Organized  
in 1949. Directors in Charge - D.K. Carpenter, All Directors

1. The distance for each pull will be 27 feet. Distances less than 27 feet will be used to determine the winner of placement at the end of the contest. The best distance will break ties.

2. The distance between the side boundaries will be at least 15 feet. Teams must stay within the side boundaries while pulling. If a horse touches the rope regardless, it disqualifies the pull unless the back judge blows for a full distance or stoppage of sled prior to the rope being touched.

3. The drivers will have six tries to get hitched (1st and 2nd pull attempts). If they miss all six they will be eliminated from the contest. You must take a first or second pull to be permitted to a third pull.

4. A teamster may choose to unhitch and rehook on their second pull. Drivers may forfeit their second pull. A third pull may be taken after all teams have their first and second pull.

5. You will have three minutes to attempt to make your first pull. Time starts when the announcer calls your name. You will have two minutes between your first and second pull. On your third, you will have three minutes to attempt your pull.

6. The first and second pulls will be in the direction indicated by the judges. A third pull may be taken in either direction, providing enough room remains on the track. If a team is hooked to the sled and keeps bumping it, they may have to go the same direction even if they passed the turn-around point.

7. Any forward movement of the load after the driver gives the command to go will be counted as a pull and measurements will be recorded except in case of a breakdown, which entitles the team to take another pull. Judges may require the teamster to straighten the sled. Judges will determine if a breakdown allows a new pull.

8. A whistle or signal shall be given when the team has made the distance or committed an error fulfilling distance. The driver must stop the team immediately after the signal.

9. No heading is allowed at any time a horse is inside the ropes. If the horses get tangled and need to be headed, they must unhook and leave the sled and hook back on for the same pull. Teamsters must have the judge's approval to unhook. If a bit needs changed during the pull, the driver and two helpers only can change the bit on the track. Otherwise they must go back to the sidelines (with clock running) where more teamsters can assist. Violation of this rule will cause the team to lose the pull.

10. Each team shall be driven by the same driver through the entire contest, except in the case of any injury or if the contestants choose to switch drivers. This can only be done on a first attempt to hitch or a new load, and only with the judge's approval. You can only make a change in drivers one time. Each driver will be allowed two helpers in hitching and one helper on the lines at any time.

11. Drivers and helpers shall not prod, hit or touch the horses while pulling, no petting or touching the horse after they are hooked to the sled. Only the driver can command the horses. The driver shall have reasonably tight lines, and in no case will a driver be allowed to whirl or shake lines over the horses or above his own head while pulling. No driver will be allowed to jump the doubletrees while horses are pulling. Drivers may drive from the front of the doubletrees.

12. A contestant shall be disqualified by the judges or officer if there is:

a. Undue abuse or treatment to horses on or off the pulling track, b. Undue profanity, c. Any needle use unless by a licensed vet, on the pulling track.

13. If any team is unmanageable or difficult to handle in the opinion of the judge or board, they will be disqualified and ordered to be taken from the field. If a team is disqualified and taken from the field, their prize money will be forfeited.

14. Any team may be subjected to blood or urine test. Sponsors (fair boards) have the right to test any horse at their discretion. The Association will support the sponsors (fair boards) providing the testing is done properly. The sponsors (fair boards) have the power to bar any teamster from their next year's event. Maximum bar time is the following year.

15. Teams will draw for positions for pulling order one hour before the pull. No late entry once a pair has taken their final pull.

16. In case of breakdown, the team will come in at the end of the round for their turn and pick up their proper place in the next round. (Breakdown

example: tug, belly band, hames, eveners, over-check).

17. A pull will be disqualified if there are any bits, chains, ropes or extra hanging harness on the horses. All teamsters will pull with blinds on the bridle.

18. Scales for weighing will open 3 ½ hours before the pull starts. The scale will close ½ hour before the start of any pull. The horses that are pulled together must be weighed together. A designated weigh master must do the weighing at the time and place designated before the pull. An official will hold horses while the horses are being weighed. Once a team qualifies for light-weight class, each horse will have a metal clip put in their tail for verification. Division weight will be 3,420 lbs. No baling twine halters allowed. Each team is only allowed across the scales five times.

19. There must be a 1st place winner determined at the sled. A pull can't end with all final pairs passing. Two blocks will be added for the new load in the event of pairs quitting. a. If two teams quit on the same load they will split the prize money.

20. No lightweight team will be permitted to pull in the heavyweight contest.

21. If at any time during the contest the pulling track has developed a bad spot, judges can shorten, lengthen or move the track after weight has been added.

22. Horses may be tied to a trailer as long as the team is in visible sight of the judges and spectators and is on the pulling track.

23. You must be a member to pull in the Buckeye Horse Pullers Assoc. of Ohio, Inc. pulls. If someone other than the team owner drives the team in a pull, they must also be a member.

## JUNIOR FAIR LIVESTOCK SHOW & SALE RULES

1) All junior livestock must be shown in conformation classes and sold by its owner unless an emergency arises and written permission is granted by the Noble County Junior Fair Livestock & Sale Committee. The form must be filed before the show. Only another Noble County Junior Fair member can exhibit the animal.

2) If a Junior Fair exhibitor has two animals showing at the same time, a current Noble County Junior Fair exhibitor must

show the second animal.

3) The exhibitor is responsible for delivering their livestock to the sale area when called and in satisfactory sale condition.

Exhibitors not going through the sale once their animal is on the sale bill will be barred from exhibiting at the fair the following year.

4) Livestock not properly castrated or showing effects of over-heating, crippling, or other health defects are not eligible for the market livestock auction but may be sold privately.

5) The livestock shall remain the property of the exhibitor until properly loaded on purchaser's truck or 2 hours after the completion of the Jr. Fair Sale.

6) All market livestock sold through the sale will be sold subject to passing meat inspection upon slaughter. The exhibitor will not be paid for their animal if it does not pass meat inspection.

7) Each junior fair exhibitor may sell a maximum of two animals in the Junior Fair Livestock Sale. A meat pen of rabbits or chickens is counted as one animal. In the event any exhibitor has more than two Champions (over-all Grand or Reserve), the exhibitor must decide which two they will sell for full sale proceeds. The remaining Champion animal(s) would sell and the exhibitor would receive the resale value listed on the sale bill plus up to a \$200 premium bid for Grand Champion or up to a \$100 premium bid for Reserve Champion. The remaining sale proceeds would go to a charitable/non-profit organization of the buyer's choice.

8) Any exhibitor who cannot safely handle his/her animal will not be able to show or sell that animal.

9) The scales that weigh the species at the fair will have the official weight. The animal will not be weighed on another set of scales to settle the disputes.

10) Grooming regulations - Any animal fitted in an unethical manner will be disqualified and the exhibitor and any assistants who fitted the animal will also be disqualified.

Unethical fitting shall include, any tearing or cutting of the hide, cutting or tearing underneath the hide or removal of any tissue in an attempt to alter shape or appearance. It shall also include attempts to disrupt or change normal dental development, dyeing or coloring the hair, adding artificial tailheads, switches, polls, hair and heels, as well as any attempt to change the conformation and degree of firmness, by administration of fluids externally or internally in a liquid or solid state. Transparent grooming materials only may be used. Additionally, the member should be present while the animal is being groomed.

11) All Grand and Reserve Champion market steers, market goats, market hogs, and market lambs will be sold, slaughtered and urine, tissue and hair tested.

12) In the event a market animal dies or is sent home by a veterinarian for a medical reason after the Fair weigh-in and prior to the Jr. Fair Livestock Sale, the exhibitor will be allowed to sell without their animal and receive a premium bid.

13) 3% of the selling price of all livestock marketed through the junior fair sale will be deducted to cover the expenses of the sale and promotional costs.

14) No hats, shirts, other articles of clothing, or ear tags may be worn in the show or sale arena, or placed in livestock exhibit area that advertises a particular farm or farm product.

15) "Family" means the immediate family of an exhibitor, including those defined in the Ohio Livestock Exhibition Rules

One animal per exhibitor may be tagged in the "family" name at tagging. Each member must identify at least one or two "animals" as theirs at the tagging if they have a "family" animal. All animals must be identified by owner at the fair weigh-in. \*\*This does not include Market Rabbits or Market Poultry (chickens and Turkeys)- they have their own guidelines. If a member tags in three animals, they can not have a family animal, because they already have an extra/spare/alternate animal. If a member tags in one or two animals, the family can have "family" animal(s), one per member and anyone in the family can claim it come fair time.

16) All animals must abide by the Health Regulations of the Ohio Department of Agriculture, as pertains to county fairs.

17) Showmanship involves the exhibitor learning how to emphasize the best characteristics of the animal while deemphasizing the less desirable. However, since 4-H and FFA projects with subsequent exhibition were originally intended to teach youngsters the principles of livestock management and animal husbandry, certain practices may be teaching inappropriate objectives and methods to achieve them. Therefore, the livestock and sale committee has deemed the following prac-

## **E. GROUND ROPING**

This class is designed as step one of a plan to teach 4-Hers of all ages to learn the skill of calf roping. All roping exhibitors must complete this level of roping before moving onto the next level, Moving Dummy Roping.

Appointments: Same as Western Horsemanship.

Personal Attire: Suitable western attire, including boots, hat and shirts with collar and long sleeves.

Equipment: Bale of hay or straw and a dummy calf head, Lariat, Roping Glove (optional).

Tack: None.

Class Routine and Scoring: Each competitor may use the rope of his/her choice and will get three attempts at catching the dummy. Each attempt will be scored as follows:

(A) for building loop – 0-10;

(B) flat 3-point swing – 0-10;

(C) delivery of loop and accuracy – 0-10;

(D) pulling and pitching slack – 0-10.

Each attempt can receive up to 40 points, with a maximum score of 120 points on three attempts.

A barrier line (Board or chalk line) will be placed on the ground two feet behind the bale. If the roper breaks the barrier (by stepping on or over it when throwing the rope) a 20-point penalty is incurred each time the barrier is broken. Ropers may lean or reach over the barrier without penalty. In case of ties, the barrier is backed up two feet at a time until the tie is broken.

## **F. MOVING DUMMY ROPING**

This class is designed as step two of a plan to teach 4-Hers of all ages to learn the skill of calf roping. All roping exhibitors must complete this level of roping before moving onto the next level Breakaway Calf Roping. All first year Moving Dummy Roping participants must also participate in Ground Roping in the same year.

Appointments: Same as Western Horsemanship

Equipment Provided by 4-H Horse Council: A mobile dummy that has realistic head this is mechanically propelled or can be dragged by another horse and an adult rider will be used. Safety is of primary importance when selecting a dummy and means of moving it.

Competitor's Equipment: Lariat, Light String, Red or Blue Bandana, Roping Glove (optional).

Class Routine and Scoring: Each competitor may use the rope of their choice and will get three attempts at roping the dummy while it is moving at a speed causing the roper's horse to trot to catch the dummy. Both roper and roping horse will be scored. The roper will be scored the same as in Dummy Ground Roping with a maximum of 120 points for three attempts:

(A) for building loop – 0-10;

(B) flat 3-point swing – 0-10;

(C) delivery of loop and accuracy – 0-10;

(D) pulling and pitching slack – 0-10;

The horse will be scored on a 0-10 point basis for the following:

(A) Manners – 0-10;

(B) Rating – maintaining correct position for the roper to throw the rope – 0-10;

(C) The stop – 0-10.

A maximum of 90 points for the three attempts can be earned. The total score for horse and rider will determine placing with a maximum of 210 points possible.

The person controlling the dummy will start the dummy 20 feet ahead of the roper. The roper will give the dummy controller a nod as to when to begin to move the dummy. The dummy should maintain a medium speed trot until the roper's rope breaks free of the saddle. The dummy should stay at least five feet from the fence at all times. The distance the dummy will be towed per attempt should be determined prior to the class and failure to rope the dummy in that distance will be a 0 score for that attempt. The roper will attach the end of his lariat to the saddle horn with a light weight string that can easily be broken. The bandanna will also be tied to that string so that it will go with the rope when it breaks loose of the saddle to give an easily visible sign that the calf has been roped. When starting to follow the dummy, the rider should follow the dummy for a few feet to show the horse's ability to rate a calf. After roping the calf the horse should stop hard and straight, causing the rope to break free.

#### **G. BREAKAWAY CALF ROPING**

This class is designed as step three of a plan to teach 4-H'ers of all ages to learn the skill of calf roping.

All roping exhibitors must have completed Ground Roping and Moving Dummy Roping before moving onto the next level, Breakaway Calf Roping. All first year Breakaway Calf Roping participants must also participate in Moving Dummy Roping in the same year. \*Participants can petition to participate in this class if they have prior experience roping live calves through participation in a Rodeo Circuit or other Roping Events. This is a timed event.

This event will be performed following the same general rules as the youth tie-down roping under the usual common rodeo standards and conditions. The horse must start behind a barrier. A 10 second penalty is added to the time for breaking the barrier. A regular rope is fastened to the horn or swell by a cotton string. Time is called from the drop of the flag at the barrier to the breaking of the rope string from the saddlehorn. A legal catch is to be any loop that goes over the calf's head and draws upon any part of the calf's body, causing the rope to break away from the saddlehorn.

- Class 1: **Ground Roping...Senior Division**  
(14 years of age and older as of January 1, 2019)
- Class 2: **Ground Roping...Junior Division**

## OHIO FARM ANIMAL CARE COMMISSION

### Policy

The Ohio Farm Animal Care Commission (OFACC) was organized in 1990 to provide leadership on matters related to farm animal care. In 1997, the organization changed its name to the Ohio Livestock Coalition (OLC) to provide leadership and lend support to the recommendations made by the Ohio Livestock Industry Task Force, which released its report in late 1996. The Ohio Farm Animal Care Commission was then designated as a vital part of the Ohio Livestock Coalition.

The commission had dedicated itself to the promotion of sound animal husbandry practices in the care and efficient production of animals used for food and fiber. The use of proper animal husbandry practices minimizes stress, improves animal efficiency and profitability for the farmers and ensures a safe, healthy and wholesome product to the consumer at a reasonable price.

The Ohio Farm Animal Care Commission believes animals are vital to human existence, and therefore, deserve our protection and compassion. Humans have had an inseparable relationship with animals and nature, as man has served as their sole caretaker for centuries. Yet, humanity is answerable to another set of laws and concepts that is uniquely a product of human society. Animals cannot be made subject to the laws that we as human beings are governed by, and therefore, do not have the rights of humans.

The Ohio Farm Animal Care Commission firmly believes that all animals use other animals for their existence. Thus, the responsible use of animals by humans is natural and appropriate.

The Ohio Farm Animal Care Commission believes that farmers take pride in their responsibility to provide proper care for their animals and endorses the following Code of Practices.

### Statement

The following describes general responsibilities of the farmer, and all persons in their authority, in the proper care and handling of animals raised for food and fiber:

To provide food, water and care necessary to protect the health and welfare of my animals.

To provide a safe and healthy environment for my animals that is clean, well ventilated and provides ample space.

To provide a well-planned disease prevention program to protect the health of my herd or flock. This includes a strong veterinarian/client relationship.

To use humane and sanitary methods when it becomes necessary to dispose of my animals.

To make timely inspections of all animals to evaluate the health and ensure that all basic requirements are being met.

To ensure proper handling techniques are used to eliminate any undue stress or injury when manual manipulation is necessary.

To provide transportation for my animals that avoids undue stress or injury caused by overcrowding, excessive time in transit or improper handling when loading or unloading.

The willful mistreatment of my animals or the mistreatment of any animal will not be tolerated. In cases of mistreatment, I will notify the proper authorities.

To make management decisions based on scientific fact and to consider the welfare of my animals.

We encourage livestock producers to complete species-specific quality assurance programs.

# THE CODE OF ETHICS OHIO FAIR MANAGERS ASSOCIATION AND OHIO COUNTY AND INDEPENDENT FAIR BOARDS

*Theodore Roosevelt said, "A public official is a public servant."*

Being elected or appointed to serve The Ohio Fair Managers Association or my local county or independent agricultural society means I am serving the general public and I pledge to decide issues facing The Association or local Society based upon the best facts available to me, trying to make good business decisions, while working cooperatively with my fellow board members. My works, ambitions and relations shall always cause me to take into consideration my highest duties and responsibilities as a member of my Agricultural Society and Ohio Fair Managers Association.

***I will:***

**First:** Consider my Board position as affording me a distinct opportunity to serve my local Agricultural Society and our Ohio Fair Managers Association.

**Second:** Strive to improve myself, increase my efficiency and enlarge my service by attending other fairs, meetings of the Ohio Fair Managers Association or other meetings or tours.

**Third:** Remember that I want my fair and all Ohio fairs to be successful and to be founded on good family values and operated honestly using high moral values also.

**Fourth:** Appreciate the efforts of the Ohio Department of Agriculture's staff to assist and guide Ohio fairs in interpreting Ohio Fair laws and regulations, auditing of fair accounts, performing ride safety inspections, enforcing animal health regulations and

contributing to the overall betterment of Ohio Fairs.

**Fifth:** Recognize and appreciate the work of the Ohio State University Extension staffs at the county, district and state levels in their educational efforts to assist and improve Ohio Fairs especially their assistance in coordinating Junior Fair Programs

**Sixth:** Hold in high esteem the callings of both rural and urban activities, including agriculture production and marketing agribusiness, industry, education, homemaking, cultural arts, community development, family entertainment and, most of all, youth development.

**Seventh:** Recognize that the development of leadership and the building of communities is the highest service I can render as a Board Member of a local Agricultural Society or Ohio Fair Managers Association or its Board.

**Eighth:** Maintain an open mind, seeking always to understand the viewpoint of others.

**Ninth:** Not engage in any activity, which will interfere with the proper fulfillment of my ethical duties and bring discredit to my Agricultural Society, our Ohio Fair Managers Association or to an office I may hold.

**Tenth:** Support and contribute to strengthening my County or Independent Agricultural Society or Ohio Fair Managers Association by attending county, district, regional, state or national meetings involving fairs or other appropriate meetings or conventions.
